### OBJECTIVES...

- 1) Describe the epidemiology of tobacco use and dependence in people with serious mental illness (SMI)
- 2) Describe the NYS Partnership, the goals to reduce tobacco use in people with SMI and strategies utilized to achieve this goal.
- 3) Discuss specific evidence based interventions of assessment and treatment of tobacco dependence for people with SMI: pharmacotherapy and counseling.
- 4) Discuss the importance of wellness and tobacco dependence treatment to a person's mental health recovery.
- 5) Describe how wellness and tobacco dependence treatment services are part of mental health treatment, specifically in Personalized Recovery Oriented Services (PROS)
