

# **SAVE THE DATE!**

## **Health Systems for a Tobacco-Free New York Collaborative Statewide Conference Call**

An educational opportunity for healthcare providers, mental health providers, healthcare administrators, public health practitioners, social workers, CASAC and policy makers.

---

**June 3, 2015**

**12:00 Noon – 1:00 PM**

### **Healthcare Systems Change to Identify and Treat Patients Who Use Tobacco**

**Presented by:**

**Rob Adsit, M.Ed.**

**Director of Education and Outreach Programs  
University of Wisconsin School of Medicine and Public Health**

Tobacco use still remains the single greatest cause of disease and premature death in the US today. With the development of comprehensive, evidenced-based treatment policies we can improve tobacco dependency interventions and continue our momentum towards a tobacco-free society.

**Agenda and call-in information forthcoming.**

**150 lines are available. Please share phone lines whenever possible.**

**Register Online:**

**<http://www.nysmokefree.com/ConfCalls>**

**Questions about registration? Contact: [patricia.bax@roswellpark.org](mailto:patricia.bax@roswellpark.org)**

CME ACCREDITATION will not be provided for this call. However, we will provide certificates of attendance for participants who request them and complete an evaluation.

- Pending: 1.00 CASAC Clock Hours pending OASAS approval
